

Electronic Course Selection Form for Upper Secondary Students

A link to the course selection form can be found at <https://gradia.inschool.fi/browsecourses?school-id=41&checkout=true&long-term=19303&search-> on the upper secondary schools' websites.

The language of the subject selection form can be changed to English from the menu under the button in the upper right corner.

In Studyinfo (Opintopolku), there is also a link under **"Admissions procedure → Selection criterion specification or threshold criteria"**, which takes the applicant directly to this view:

Read and accept the following terms to continue:
You can change the language to English in the top bar.

GRADIA GENERAL UPPER SECONDARY SCHOOLS' FORMS

This is the electronic form page for Gradia upper secondary schools.

You are about to fill in one of the following forms:

- the subject selection form if you are applying in the joint application to Gradia General Upper Secondary Schools and/or the Normaalikoulu Upper Secondary School and/or
- the continuous application form, i.e., placement preferences and subject selections, if you are applying in the continuous application to Lyseo or Schildt Upper Secondary School
- the personal information form if you are registering as a student completing additional studies or retaking matriculation exam subjects at Lyseo or Schildt Upper Secondary School

When you click the "I accept, continue" button, you will go directly to the form linked to the option you selected.

Fill in and submit the form only once.

The applicant must accept the terms of use. By clicking **"I Accept, continue"**, the system opens **the exact form chosen via the link at the beginning**. At this point, it is no longer possible to choose a different form.

All fields marked with an asterisk (*) must be filled in. The personal identity code must be entered correctly (the system will not accept an incorrect one).

The course selection form is the same for all study lines, including special study lines and the IB Programme. All field names are also available in English.

The form cannot be filled in using the Wilma mobile app.

The time limit for filling in a Wilma form is **120 minutes**. If the user is inactive during that time, the session will be disconnected.

After completing all the information on a page of the form, the applicant selects **"Next"**.

NOTE! Before saving, the applicant can print the course selection form by clicking the printer icon at the bottom of the page. **After saving, the form can no longer be printed!**

When the applicant **saves the form**, a confirmation message will appear on the screen:

If an email address has been entered in the form (and written correctly), the applicant will also receive a confirmation message via email. **The email address should therefore be entered carefully to ensure it is correct.** The confirmation message does **not** include placement preferences or course selections.

The applicant must fill in the entire form carefully, as it **cannot be reopened after it has been saved.** **Each applicant fills in only one course selection form.** If, for a compelling reason, the applicant must fill in a new form, the previously submitted form will be deleted by the school, and **only the most recently submitted form will remain valid** with all its information.
